**One on One Training Sessions**

**Initial Training Evaluation:** \_\_\_\_\_ **\$90.00**

A one hour training evaluation to learn how to train with your dog. A 30 minute follow up lesson is included after you have had some time to work with your dog.

**30 Minute Session:** \_\_\_\_\_ **\$40.00**

A training session to continue working towards goals you set during your initial evaluation.

**Additional 15 Minutes:** \_\_\_\_\_ **\$15.00**

For when you feel your current training session needs more time with the trainer for you to feel confident enough to apply what you learned at home.

**Boarding and Training Packages**

Recommendations for board and training packages are based on a required one hour evaluation cost of \$90. A \$30 discount may then be applied to the selected package. Packages include six days per week training, boarding, daily park time, and a training session with the owner at pickup. Any dog that has previously been a Board or Training client may come back for one week Tune Ups at a 10% discount.

- 1 Week ..... \$425.00
- 2 Weeks ..... \$800.00
- 3 Weeks ..... \$1,200.00
- 4 Weeks ..... \$1,600.00

These packages include basic obedience commands (come, heel, sit down, stay, off and no.) One additional command, skill set, or behavior concern such as chewing, barking, jumping, etc. may be added for each week of their training stay.

**Group Classes**

Group classes are available year round - generally starting the first full week of January, March, May, July, September and November. Classes are held one day a week for six weeks, and last one hour. Cost is \$80.00; secure your spot by registering and paying before the first day of class; this grants you a \$5.00 discount!

### **Service Dog Training for your Personally Owned Dog**

The most intensive training we offer, service dog training will provide your dog with the skills it needs to become a working service dog for your disability.

We require a written application process which includes a doctor's letter detailing the disability diagnosis, symptoms, and medical recommendation to own a service dog for a specific medical condition.

You and your dog will undergo an evaluation prior to training. This will determine if your dog has both the temperament and physical ability to perform the service tasks your condition requires.

### **What is a Service Dog?**

A service dog has been trained to do work or perform tasks for an individual with a disability. The task(s) performed directly relate to the person's disability.

Skills we may train include:

- Stability and Mobility Assistance
- Alerting to changes in blood sugar
- Picking up dropped items
- Seizures response
- Hearing Assistance
- Autism Spectrum Clients

### **Private Contract**

Lucky Dog Trainers are willing to work with individual and/or advanced training requests. These are set up on private contract. Private contracts are a two week minimum stay, while longer stays are welcomed as well

- Each Week ..... \$500.00

Private Contracts require an initial evaluation, and include boarding, six days a week of training, daily park time, and a one on one training session with the owner at the time of pickup. Private Contracts cover basic obedience plus one additional skill or behavior for each week of their training. Listed below are some additional training options that can be worked on.

- Behavioral: basic obedience goals with adjustments to aid a dog that has extra challenges to address.
- Off-Leash Obedience: basic obedience work done off leash.
- E- Collar Training: basic obedience skills for clients who cannot handle a leash, for deaf dogs, for a person who is unable to speak, etc.
- Gun Dog Training
- Groomer's Delight: work on dog's ability to tolerate handling and grooming.
- Service Dog Training - *see service dog training section*

### ***Criteria and Eligibility***

Proof of up-to-date Rabies and Distemper vaccines is required for all training options. We also highly recommend Bordetella, Lyme, and Flu vaccines. Puppies that are too young for Rabies must still be current on all other boosters.

Dogs that require substantially slower training due to various challenges will be required to go through a Private Contract Package first, and will be addressed on a case by case basis. All dogs learn and progress at different rates. We reserve the right to tailor the training to your dog's aptitude.

It is essential that the owner of the dog is a part of the training process. We recommend taking group classes and follow up sessions to solidify the handling skills you need to have a successful relationship with your dog.
